### Project Information

Purpose of Water Service: \_\_\_\_\_  
 \_\_\_\_\_

- Estimate of gallons to be used: \_\_\_\_\_ gal/day
- Fire Hydrant No. / Location
- Project Location & Staging Area: Please attach aerial site map of location
- Copy of project permits

- User of a temporary fire hydrant meter must comply with the instructions shown on City Standard Plate 127 & 128.
- Water truck connection must comply with the State Water Resource Control Division

### DEPOSIT AND FEES

The following fees are to be collected by the City of Santa Paula for each fire hydrant meter permit issued:

- \$1,071 Advance Security Deposit to be used toward repairing or replacing a meter
- \$214 Installation Fee
- Monthly Service Charge: \$426.81 + \$2.43 per 100 cubic feet of water used, or minimum \$100 per month for usage. **Maximum length of usage is 6 months.** The applicant must request **cancellation of service and closure of account when termination of services is desired.**

### CONDITIONS AND PERMIT PROVISIONS:

1. Fire Hydrant Meters are to be connected to a water source designated by the City and secured at all times by the applicant.
2. Water shall be used explicitly for permitted project work at the site specified and shall not be used for any other purpose as defined in project scope of work.
3. Any damages, loss of meter, or other issues with a meter, are to be reported to the City immediately for possible repair or replacement.
4. Request for relocating the meter shall be made through the **Engineering Division**.
5. Applicant must comply with requirements of all City Ordinances and Policies.

By signing this application, I certify that I am the authorized agent of the organization named above and agree to comply with the terms and conditions for the use of a temporary construction meter, and am aware of and understand the Ordinances and Policies of the City of Santa Paula.
